DETAILED ACTION

1. This Office action is in response to Applicant's amendment filed on 07/22/2003.
2. Claims 1-15 are pending.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(e) the invention was described in-

- 1) an application for patent, published under section 122 (b), by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351 (a) shall have the effect under this subsection of a national

Art Unit: 3621

application published under section 122 (b) only if the international application designating the United States was published under Article 21 (2) (a) of such treaty in the English language; or

2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that a patent shall not be deemed filed in the United States for the purposes of this subsection based on the filing of an international application filed under the treaty defined in section 351 (a).

4. Claims 1-9 and 12- 15 are rejected under 35 U.S.C. 102 (e) as being anticipated by Herman et al. (U.S. Pat. No. 6,341,353).

As per claims 1, 4-9, and 12-15 Herman discloses a smart electronic receipt system/method that provides intelligent receipts, called smart receipts (which is interpreted as Applicant's claimed invention wherein it is stated that managing transaction and issuing receipt information), comprising: issuing a transaction number including receipt information and predetermined password information, the receipt information containing at least a receipt number indicative of the order of receipt of a predetermined transaction with a user (see., abstract, specifically wherein it is stated that smart receipt provides the customer with detailed information about an online purchase in a standardized format, and the password can also be interpreted as an owner ID 726 for entering an identification code associated with the owner of the object see., col 9, lines 37-58, specifically col 6, lines 17-26); and displaying the transaction number on a terminal of the user (see., col 40, lines 20-40).

Art Unit: 3621

As per claims 2, Herman discloses the claimed method of managing transaction numbers according to claim 1, wherein the network is Internet (see., Figs 1-3).

As per claim 3, Herman discloses the claimed method of managing transaction numbers according to claim 2, further comprising the step of: displaying the transaction number, as part of URL of Internet, on the terminal (see., fig 10, and the step of displaying the transaction on the user or customer terminal, col 40, lines 20-40).

CLAIM OBJECTION

4. Claims 10 and 11 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
